INTERPRETATION OF RESULTS:

Predominantly answers A:

You are a person who values stability, analysis and logical thinking. You prefer to work in a structured environment and you are focused on achieving goals based on facts and data.

Professional roles that may interest you are a specialist in a specific field, an analyst, or a technical worker.

Predominantly answers B:

You value communication, relationship building and flexibility in your work. You thrive in dynamic and changing environments.

Professional roles that may interest you include team leader, manager, or HR specialist.

Predominantly answers C:

You are a creative person who values innovation and a creative approach to work. You prefer flexible working hours and pursuing your passions. Professional roles that may interest you include project developer, innovator, or employee in the creative industry.
