WORKSHEET 2.

The second step in the decision-making process is self-evaluation. There are several self-assessment tests. Here we will take in the personality test, based on the personality typology defined by Carl Jung's and Isabel Briggs Myers.

Instructors:

When responding to the statements, please choose the response you agree with most. If you are not sure how to answer, make your choice based on your most typical response or feeling in the given situation. Selecting an upper case "YES" means strong agreement, and checking a lower case "yes" means moderate agreement. Likewise, selecting an upper case "NO" means strong disagreement, and checking a lower case "no" means moderate disagreement. Selecting "uncertain" means you do not feel strongly either way about the given situation. To get a reliable result, please respond to all questions. When you are done with answering, press the "Score It!" button at the bottom of the screen.

When you are finished, write down the first letters that define your personality type.
