

# TASK 4

## INTERNATIONAL ENVIRONMENT

You are to hire a new employee for the position of financial analyst. You have two candidates to choose from:

### Candidate A

- Nationality – Spain
- Experience – none
- Education – finance degree
- Language – Spanish, English, Polish
- Financial expectations – PLN 4,000 net

### Candidate B

- Nationality – Albania
- Experience – 7 years
- Education – none
- Language – Albanian, English, German, Spanish
- Financial expectations – PLN 3,000 net

Consider which employee to hire.

What speaks for the employment of the selected candidate?

**What benefits can the company have from employing the selected candidate?**

**What problems may arise from the employment of the selected candidate?**

Remember that there are several employees in your company who can only communicate in Polish.
