Prepare a piece of paper and something to write.

## A TREE OF PROFESSIONAL CHALLENGES

A tree of professional challenges for the coming days, weeks and months. DECIDE what you want in it. Maybe you don't like writing e-mails, maybe you don't like conducting an online meeting, or talking to an accountant... or maybe you are an accountant, and you don't like talking to an administrative employee. Define your challenge and change yourself as a sender to a super sender.
