

WORKSHEET 1

There are many aspects of social life that can be explored with a diagnosis.

What groups live in our region?

What are the relations between them like?

Does everyone have the same opportunities?

Who is excluded?

WORKSHEET 1

There are many aspects of social life that can be explored with a diagnosis.

Who is marginalised?

What are the social needs of certain groups?

How can be address those needs?

Analysing the available data can help you identify your dilemmas and knowledge.
