

## Creating a Google Account

**To create a Google account, follow these steps:**

1. Go to the Google Sign Up page: <https://accounts.google.com/signup>
2. Enter your first and last name in the appropriate fields.
3. Choose a username, which will be your email address. You can either create a new username or use an existing email address.
4. Create a strong password that is at least 8 characters long and includes a mix of uppercase and lowercase letters, numbers, and symbols.
5. Confirm your password by entering it again in the "Confirm Password" field.
6. Enter your birthdate and gender.
7. Provide your mobile phone number for account verification and recovery purposes. You can also skip this step if you prefer not to add a phone number.
8. Optionally, you can provide an alternative email address for account recovery purposes.
9. Agree to the terms of service and privacy policy.
10. Click on the "Create Account" button.
11. Follow any additional steps, such as setting up 2-factor authentication or adding a profile picture, if prompted.
12. Once you have completed these steps, your Google account will be created, and you can start using it to access Google services and products.
